

# PUBLIC NOTICE

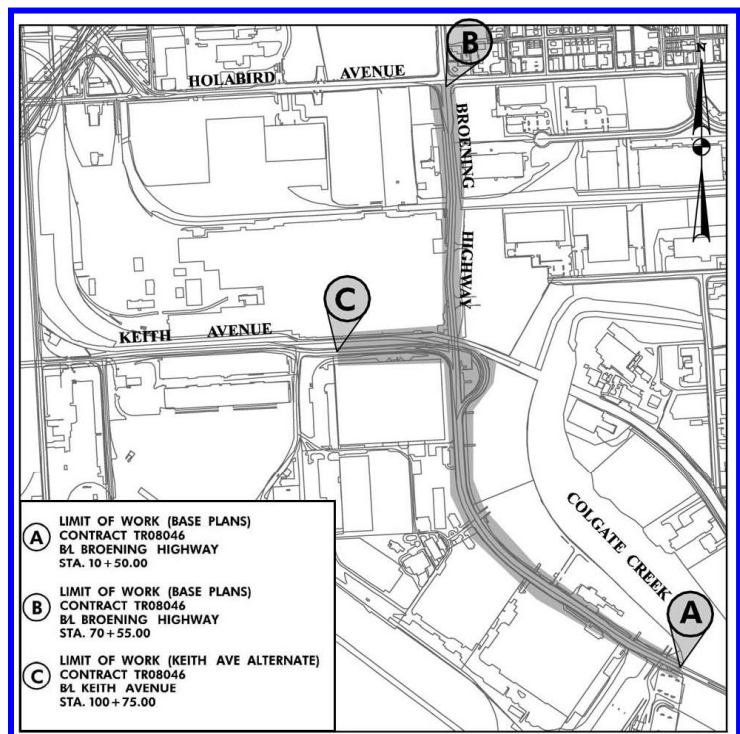

**The Baltimore City Department of Public Works is accepting public review and comments for a request by the Baltimore City Department of Transportation, 417 E. Fayette Street, Baltimore, MD 21202 to issue an Administrative Waiver to the Stormwater Management regulations under the Baltimore City Code in connection with the Broening Highway Rehabilitation project from Holabird Avenue to Colgate Creek.**

Notice is hereby given that the public is invited to comment on the request by the Baltimore City Department of Transportation for an Administrative Waiver of the requirements of the City code which will allow the rehabilitation project described below to be governed by the provisions of Division II, as reflected on May 4, 2009. The project is eligible for an Administrative Waiver since it received Preliminary Project Approval on or before May 4, 2010. The Preliminary Project Approval was granted on April 28, 2010. Comments on the request for the Administrative Waiver must be received by 5:00 pm on August 27, 2010 to ensure consideration by the Department.

The project is located in Baltimore City along Broening Highway from Holabird Avenue to Colgate Creek. Proposed improvements include resurfacing and reconstructing the pavement, curb and gutter, sidewalks, storm drains, and utilities. Improvements also include upgrading three traffic signals, street lighting, and signing and pavement markings

In addition to the Broening Highway improvements, Keith Avenue will be widened to provide two-way traffic which will reduce truck traffic in the adjacent residential neighborhoods and improve truck travel conditions.

Under the 2010 Baltimore City Stormwater Management Ordinance, the project requires an Administrative Waiver to proceed in accordance with the stormwater regulations that existed prior to May 4, 2010. To meet these requirements, the project includes paying a fee-in-lieu of constructing on-site BMP facilities.

A copy of the Stormwater Management Report may be obtained upon request to Alvi Associates, Inc. at (410) 321-8877 x15, or by visiting the office during normal business hours: Alvi Associates, Inc., 110 West Road, Suite 410, Towson, MD 21120.

## **Waiver Comments or Questions**

Notices regarding future actions on this project will be posted on the City's website.

Questions or comments on the project waivers may be submitted during the review period by mail to Mr. Warren Ware, Baltimore City Department of Public Works (DPW), Bureau of Water and Wastewater, Surface Water Management Division, 3001 Druid Park Drive, Baltimore, MD 21215, or by email to [warren.ware@baltimorecity.gov](mailto:warren.ware@baltimorecity.gov).
